

# Easter 2019

**Eastertide** represents a time to **celebrate life, new beginnings** and to **build better outcomes** for our children. **How do we build better outcomes\*?**

- Egg decorating challenges us all to value effort over perfection and provides a fun outlet for creativity.
- Attending religious services and events that support your values, traditions and culture.
- Praise persistence over numbers in an egg hunt to encourage self-esteem.
- Attending an event with your family is quality time spent and surrounds your children with supportive folks. “It takes a village.”
- Greeting all the bunny-eared children and commenting on festive attire says, “You matter.”
- Easter egg hunts provides opportunity for children to practice positive social interactions when they focus more on caring and less on competition.
- Celebrating the joy of Easter Sunday supports a positive view of your child’s personal future.
