

ADMINISTRATIVE PROCEDURE NO. 340

STUDENT TRANSPORTATION TO AND FROM SCHOOL

Background

The Division recognizes the responsibility it shares with parents to provide a Christ-centered, safe and caring environment for students that requires the support and assistance of all members of the school community. Transportation is an extension of our school communities that focuses on providing a safe environment for students while coming to and leaving the school.

Students are to be provided with transportation to and from school in accordance with the *Education Act* and the *Student Transport Regulation* to ensure the safety of passengers and bus drivers.
