2025–2028 Education Plan Approved

The Board of Trustees approved the 2025 - 2028 Division Education Plan, developed through broad stakeholder engagement and grounded in both local and provincial data. The plan focuses on three key outcomes - faith formation, academic achievement, and well-being, each supported by targeted goals, strategies, and performance measures.

Balanced Budget for 2025–2026

The Board of Trustees approved the 2025–2026 Division Budget, which reflects a balanced financial plan despite ongoing funding pressures. The Secretary-Treasurer presented the enrolment-driven budget, highlighting key assumptions, expenditure breakdowns, and areas of financial risk. Staffing remains the largest cost driver, and administrative expenses are higher this year due to upcoming election costs.

The budget reflects priorities identified through recent stakeholder engagement sessions, with a focus on strengthening inclusive learning supports across the Division, such as ensuring every school has a designated full-time counsellor and a full-time Inclusive Learning Teacher.

Trustees reviewed enrolment trends, the impact of the new provincial funding model, and the challenge of sustaining supports within available resources. The Board acknowledged the complexity of maintaining a balanced budget under current funding constraints and emphasized the importance of aligning spending with strategic goals and community expectations.
